Sent on behalf of Director Ma. Theresa G. Faustino

Dear Partner,

Greetings from the Department of Trade and Industry (DTI)!

The **DTI-Bureau of Policy Research and Innovation (BPRI)**, in collaboration with the **Tatak Pinoy Council Secretariat (TPCS)**, is pleased to invite you and your representative/s to the **"BPRI Mini-Lecture Series on Understanding Artificial Intelligence: Let's Start the AI Conversation!"** on 09 September 2026, from 09:00 a.m. to 11:30 a.m., at the DTI Bagong Pilipinas AI and Scale-Up Center, GF, 387 Filinvest Building, Sen Gil J. Puyat Avenue, Makati City.

The BPRI Mini-Lecture on Artificial Intelligence (AI) recognizes the growing importance of AI and its role in addressing the evolving needs of micro, small, and medium enterprises (MSMEs). As AI tools become increasingly accessible, developing basic AI literacy is essential to enable enterprises and stakeholders to make informed and responsible decisions on the adoption of AI technologies to improve business operations, increase productivity, enhance competitiveness, and drive innovation.

The lecture will introduce the **fundamental concepts, capabilities, limitations, and emerging applications of AI and Generative AI (GenAI)** across enterprise, government, and industry settings. It will also demonstrate practical applications of AI in business operations, particularly for MSMEs, through commonly used AI tools and basic prompting techniques.

The activity will likewise emphasize key considerations on responsible AI use, including transparency, data integrity, human oversight, and professional judgment. In addition, it will highlight the role of AI in advancing innovation and digital transformation across sectors, as well as relevant government initiatives and DTI programs that promote technology adoption and support MSMEs in harnessing these technologies to improve business performance and strengthen long-term competitiveness.

Those who wish to attend may register through bit.ly/BPRIMiniLectureOnsite. Attached is the [provisional program](#) for your reference.

For further information or coordination, you may contact **Mr. Macmac H. Peradilla** at MacmacPeradilla@dti.gov.ph, with copy furnished to BPRI-PDD@dti.gov.ph and TatakPinoy@dti.gov.ph, or through our landline numbers **(02) 7791-3239 / (02) 7791-3011**.

Thank you, and we look forward to your participation in this learning activity.

Sincerely,

Bureau of Policy Research and Innovation and Tatak Pinoy Council Secretariat
